Regular Season Share

\$600

This is our standard 16-week vegetable share. If this is too much food for your household, the most economical option is for members to find their own partners with whom to share.

1/2 Share every other week

\$325

We offer a limited number of stand alone half shares. These shares will be packed in our regular 3/4 bushel box and delivered every other week.

Fruit Share (in addition to Regular Season Share)

\$210

This will include four deliveries: 12 pints of Blueberries in late-June, 6-8 lbs. of Cherries in July, 9 lbs. of Peaches in late August, and a Pear/Apple mix in late-September.

Extended Season Share (in addition to Regular Season Share)

\$90

This extended season share includes a large delivery in mid-November. The share includes a variety of late season field crops (e.g. carrots, beets, cabbage, kale, spinach and leeks) along with root crops (potatoes, onions, winter squash) from our root cellar.

Total Due _____

YOUR MEMBERSHIP IN THE FARM IS MORE THAN LOCAL

Benefits of Membership

1. Direct access to the farmland and farmers who grow your food.
2. You will help protect local farmland from urban sprawl by supporting a local farm.
3. You have a personal involvement in a local effort to protect and enhance the environment.
4. You will help provide a liveable wage for a farm family.
5. You will be welcome to visit the farm and participate in farm tours and festivals.
6. You will receive a weekly supply of organically grown vegetables and herbs that will be grown, harvested, and delivered to you as fresh as possible.
7. Depending on the availability, you will be able to request additional produce for special occasions during the season, for additional cost.

Cost of membership

1. By participating in Common Harvest Farm, you agree to willingly share in the risks and uncertainties of supporting a working farm.
2. You agree to pay \$600 for a regular season share to support the farm in 2019. You understand that in exchange for this membership fee you can expect to receive an average of 15 pounds of vegetables and herbs per week from mid-June to mid-October.
